

## EXPERIENCE – BUILDING

Experience of performing duties commensurate with those of a Building Surveyor, has been defined by the Registration Body as follows:

*“Employed on a fulltime basis for a minimum of the specified years (or the equivalent on a part time basis), with appropriate experience drawn from at least three of the following areas:*

1. *Construction Technology/ Building Pathology,*
2. *Building Measurement/condition surveys,*
3. *Planning acts/regulations and building regulations,*

*And, at least one of the following areas:*

4. *Design and specifications,*
5. *Building services,*
6. *Health & Safety regulations*
7. *Contract Administration/costing*
8. *Project Management*
9. *Other specialisation e.g. sustainability, energy rating, fire safety, asset management conservation*
10. *Such other experience as may be considered appropriate by the admissions board*

OR

*Can demonstrate particular specialised knowledge in any one of these areas in recent years with prior experience in other areas”*

It is recommended that you provide;

- Name and details of previous employment
- A list of specific projects to demonstrate the appropriate experience:
  - A detailed description of your personal involvement
  - Examples of the scope and range of your experience
  - Specific building surveying tasks undertaken
- Any other relevant information

All information will be received in strictest confidence.
